When Words
Are Tricky,
Roll Up Your
Sleeves!

Check the picture
and think,
"What would make
sense?"

Use what's
happening in the
story.

Look through the
WHOLE word,
part-by-part.

Look for a word
inside a word.

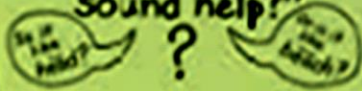

Don't give up!
Try something!
Take a guess!

Reread and ask,
"Does that sound
right?"

Use vowel teams,
and ask,
"Would a different
sound help?"

Don't just SAY the
words, figure out
what they MEAN too!

DECEMBER'S CORE VALUE: HONESTY/INTEGRITY

KARIM DUPREE

For the month of December, I am proud to have chosen Karim Dupree as my Student of the Month for 4-1. Without question, this student is a stellar example of what honesty and integrity looks like, acts like, and sounds like. This student knows that it is important to always do the right thing, even when no one is watching. He is quick to politely remind others of the expectations while inside of the classroom and in other school areas.

When a rare situation arises, this student always tells the truth and takes responsibility for his actions. He knows that, even when there is no physical reward for being honest or showing integrity, the true reward is knowing that he acted in good faith. Continuously, this student demonstrates that honesty and integrity are vital parts of his character. For these reasons, Karim Dupree is the student of the month for 4-1.

This Month's Focus

Student of the Month's Voice

Kiyon is made an impact on his learning. His drive to be great has given him the motivation to push past all barriers and continue to focus on what matters most-which is his grades. Kiyon is a great role model for the classroom. His behaviors have improved, and he is ready for success. Thanks, Kiyon for your perseverance.

McKenzie is a rising star student. She has displayed self-control and respect throughout the month. When she becomes frustrated, instead of doing what's wrong, she always finds the positive and do what's expected of her. Her work habits have improved tremendously. Thanks, McKenzie, for not giving up on yourself. You rock-Ms. Brown
