- ⇒ ***Parents, Be sure and sign the planner daily***
- ⇒ ***All projects are a huge part of grades***
- ⇒ ***Breakfast begins at 7:30 and class starts at 7:45. Students are late at 7:55***
- ⇒ ***Homework is given Monday - Thursday. Due on Fridays***

Dates To Remember:

January 17 - Parent breakfast & Workshop

January 17 - End of 2nd quarter

January 20 -MLK Day school closed

January 21 - PTO meeting

January 24- report card distribution

I want to take this opportunity to wish all of room 212's families a happy, prosperous, and healthy new year. I hope your break was relaxing and filled with memories to cherish with family and friends.

It's time for students to transition back into their academic routines, and believe it or not, the end of the second marking period is here. We are wrapping up 2nd quarter!

Additionally, it's important for students to arrive to school on time every day. When they are on time, it allows them the opportunity to listen to school announcements, get breakfast, and get their mind right for the day. Also, we will be taking the standardized MCAP assessment

in the next few months. We will be doing test prep to help prepare students for the test. We have finished up i-Ready testing. Looking at some scores, it is obvious that some students did not try their best on this assessment. Please take time to have a discussion about the importance of taking these assessments seriously. A parent report with scores will come home soon. Please make sure that your child is bundled up when they come to school (gloves, hat, scarf, a thick coat, etc.). It has been really chilly lately and our heating system is unpredictable.

Please remember to have your child practice his or her

vocabulary words every week. Helping your child understand the meaning of these unfamiliar words will help them comprehend text and increase known vocabulary. Also review sight words weekly for practice. If you need a copy of the sight words, let me know and I will provide them. Please try to practice them daily as a part of homework. Just a quick 3-5 minute review will really help your child master these words. Knowing vocabulary and sight words will help your child become a stronger, more confident reader!

He does a wonderful job displaying the core value **HONESTY** in class. Keep up the good work!!

Welcome January

January is a time of quiet and new beginnings - is the perfect time to reflect on how you want to live your life.

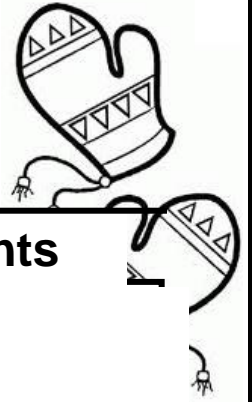

January is the perfect time to refocus on your priorities and set goals.

Think Positive Words

January third grade newsletter

HAPPY NEW YEAR!!!!

We are looking forward to a wonderful half of the school year!

AT Home Learning Tips:

It is very important for students to practice their Math facts at home. Here are some ways students can practice.

- Using flash cards
- Creating a memory game with their math facts
- Create a picture book using multiplication facts

HOMEWORK:

Please continue to help your child with homework each night. Thank you for your support.

What your child should be doing every night

20 minutes of Reading

Responding to Reading

Practice Math facts

Daily Math homework
